AT210P DIGITAL AUDIO WIRELESS SERIES UHF SYSTEM

AT210PG-P

Portable Kit

AT210P-TP (Portable Transmitter)

AT210P-RR (Rack Mounted Receiver)

Transmission Band	536 ~590MHz & 668~698MHz
Transmission Distance	>50m
Concurrency Num.	Up to 48 simultaneous transmissions
S.N.	>100dB
Frequency Response	20Hz-20KHz
Latency	4.17ms
Phantom Power	24V / 48V
Power Supply [*]	Transmitter: 3.7V 14500 Li battery * 2 Receiver: 3.7V 18650 Li battery * 2
Power Interface	USB TYPE-C
Transmitter Endurance	>4.5h (48V Phantom) >10h (Phantom OFF)
Receiver Endurance	>16h
Transmitter	31*36*110 (mm) / 55g
Receiver	31*36*110 (mm) / 55g

Your choice is consistent with many audio experts around the world

Your choice is consistent with many audio experts around the world

加油干 支持国产做好质量 把那些进口的赶出去

行内用这些进口的好贵 钱都叫老外挣去了

Your system works very well

Since I received it it's been great!

It's done 4 shows here in Dubai and at the e end of the month I have an arena in Portugal to do

你的系统运行得很好
自从我收到它以来，它太棒了！
它在迪拜已经完成了 4 场演出，月底我在葡萄牙还有一个演出场地要演出

Cool 😎

More people asking me... I gave your emial

来自西班牙北部
两个人印象深刻

This here

From north spain

Two guys really impressed

Just wanted to give you an update on this - we used this today on a corporate event for system tuning - it worked perfectly and better than anticipated. I have two arena shows that this will be going on this coming week for a different testing environment, but so far we are very impressed with the quality and results. For this first test it outperformed our current test setup [Lectrosonics R400].

Thank you.

只是想向您提供有关此方面的最新信息 - 我们今天在公司活动中使用它进行系统调整 - 它工作得非常好，比预期的更好。我有两个竞技场表演，这将在下周在不同的测试环境中进行，但到目前为止，我们对质量和结果印象深刻。对于第一次测试，它的性能优于我们当前的测试设置 [Lectrosonics R400]。

thanks I understood. your product is better in performance than the Lectrosonics TM400! Do you understand what I mean?)

thank you very much! I really appreciate your offer. I'll show everyone this system, I think people will be very interested. it won't be fast, but I think by September many will know and see!

是的，前置天线非常棒。尤其是如果它更好、更新的话。它还适用于发射机和 Smaart 测量。
谢谢我明白了。你们的产品性能比 Lectrosonics TM400 更好！你明白我的意思吗？
非常感谢！我真的很感激你的提议。我会向大家展示这个系统，我想人们会很感兴趣。这不会很快，但我想到九月份很多人就会知道并看到！

Perfect. I'll test the device as soon as possible!

Thanks

2024年3月16日 00:28

Hi. at first glance the product is really really good, thanks a lot!

of course we have to test the device further, but if the portable set prooves ok for us we would be interested to be an exclusive distributor

你好。乍一看这个产品真的非常好，非常感谢！

当然，我们必须进一步测试该设备，但如果便携式设备对我们来说没问题，我们将有兴趣成为独家经销商

Got myself this unit from them couple of months ago.

For the price and the build quality, it's a great little go to for the fly kit.

Will upload some measurements I did between wired and a Mlpro soon.

Range easy did 80m + line of sight and the battery was 6+ hours

Will need to do a few more tests in different scenarios.

几个月前，我自己从他们那里得到了这个单位。
对于价格和制造质量，对于飞套件来说，这是一个很棒的选择。
很快将在有线和 MIPRO 之间上传我进行的一些测量。
范围 Easy DOD DOD 80M + 视线，电池电量为 6 个小时以上在不同的情况下，将需要进行更多测试。

I tested the devices intensively and I'm thrilled! your products are incredibly good. I would like to order exactly the same thing again. Additionally 2 x AT210GP-R (Rack mount set) more

我深入测试了这些设备，我很兴奋！
你们的产品非常好，

Thanks for the message and sorry for the confusion. The 3rd package arrived today. All is well. Except the 19" rack mount is missing to install the 4 devices in a case.

I'm looking forward to updating the devices. But If you know, I already have 10 devices. 😊

感谢您的消息，对不起。第三个包装今天到达。一切都很好。除了缺少 19 英寸的机架安装架以在一个情况下安装 4 个设备。

我期待更新设备。但是，如果您知道，我已经有 10 个设备了。

waaaaa, excellent. its is perfect. I am very happy . the people is getting freak with my last post , you deserve the best. I hope you sell thousand of units.It is impressive.

there are many many people how doubt about the device..but your device when you test it speaks by himself...i am speechless.

well done! keep do it it so well!

哇啊啊，太棒了。它是完美的。我很高兴。人们对我在 上发表的最后一篇文章感到惊讶，你应该得到最好的。我希望你能卖出几千件。这真是令人印象深刻。
有很多人对该设备表示怀疑.....但是当你测试它时你的设备会自己说话.....我无言以对。
做得好！继续做得这么好！

its a excent product and im telling everyone about it.. you probably will sell more units of this to brazil.. we tried before to find solutions like MiPro but we couldnt buy it direct and they dont have someone to sell in brazil.. lectrosonics are hard to find and more expensive.. your price is good, so even with the boulder taxes people will buy ! hope to get other plug on (transmitter) soon.. thanks for everything !

这是一款出色的产品，我会告诉每个人。您可能会向巴西出售更多单位。
我们之前尝试过寻找像 MiPro 这样的解决方案，但我们无法直接购买，而且他们在巴西没有人出售。电子设备很难找到，而且更贵。你的价格很好，所以即使有边境税，人们也会购买！希望尽快获得其他插头（发射器）。感谢所做的一切！

we need a supplier for Europe for Gaodimic wireless systems.I want one....is very. very weird a device like this with this qualities and capabilities that are imposible to buy out of Asia Market..only at taobao (dot)com and using a third middle comercial to do the deals...wtf...this at least are the third generation of gaomic wireless mics..since manufacturing 2021. but there are not much more info Looks like these are a secret weapon from china or something else.and they can not let the hardware go outside.jajja...there are not other chinese brand doing the same or with similar product devices...these are the only ones...weird.3 years since production of these devices and still no exports to Europe. and no distributors on Europe....

我们需要一家欧洲高迪米克无线系统供应商，我想要一个.....这样的设备非常非常奇怪，其品质和功能是不可能从亚洲市场购买的.....只能在淘宝（点）com 并使用第三个中间商业来进行交易...wtf...这至少是第三代 gaomic 无线麦克风...自 2021 年制造以来，但没有更多信息看起来这些是来自中国或其他国家的秘密武器，他们不能让硬件出去，jajja...没有其他中国品牌做相同或类似的产品设备...这些是唯一的。..奇怪的是，这些设备生产已经三年了，但仍然没有出口到欧洲，而且欧洲没有经销商.....

THANKS!
